AACPS Wellness School of Distinction
2020, 2023

US Dept. of Education Green School
2008, 2012, 2020, 2024

Located on the suburban Broadneck Peninsula and within walking distance to the Magothy River and Chesapeake Bay, Broadneck High School (BHS) stands out as a place where students from across Anne Arundel County unite as Bruins.

Through both school sponsored activities and personal interests, our students are frequently seen interacting with our watershed environment. Whether bagging and collecting fall leaves as a fundraiser or growing oysters in their backyard, our students care about the Broadneck community. Broadneck has set a standard of excellence since its inception in 1982. The Broadneck BRUINS are Bold, Ready, United, Innovative, and Never give up!

Broadneck has many highly-qualified teachers, making this staff one of the best in the county and state. On average, our teachers have over seventeen years of classroom experience, and almost 70% of our teachers have master's degrees. Eighteen of our teachers are BHS alums and fifty-one are graduates from Anne Arundel County Public Schools. This sets us apart and is evidence that people want to come back to our school and community. Staff members are involved in extracurricular clubs, activities, and athletics, and the turnover rate is minimal each year. Alumni of Broadneck High School regularly attend top tier colleges and universities across the country, serve in military academies, and embark on prosperous careers in their chosen paths after graduation.

Programs of Choice

Signature Program

Environmental Literacy is the concept that everything we do affects the environment and the environment affects everything we do. In 2010, the Broadneck Community chose Environmental Literacy as our school's Signature Program due to the long-standing history of environmentalism at Broadneck HS and our close proximity to the Chesapeake Bay. Signature programs are designed to connect classroom instruction with real-world situations and workforce relevant skills. At Broadneck, we utilize our business partners to support instruction through a variety of activities including curriculum development, mentorship on capstone projects, guest speaking opportunities, and field experiences. More information on Signature Programs can be found at www.aacps.org/signatures.

Co/Extracurriculars

Broadneck High School offers over 120 clubs, athletic teams, leadership and service organizations, and honor societies. Students have the opportunity to engage in multiple activities during the school day as a part of BRUIN Block, an academic intervention and co/extra-curricular offering period designed to enrich the school experience. Popular clubs and organizations include Robotics, who earned a \$10,000 grant; National Honor Society, with over 100 members; the Dance-A-Thon, which raises money for Johns Hopkins Children's Center; the Student Athletic Leadership Council, where student-athletes learn valuable principles of leadership and service; and the Equity Club, where student voice is valued and respectful discourse leads to a more diverse and inclusive experience for students and staff. The Broadneck High School Marching Band regularly earns top local and state honors, and Broadneck's athletic teams consistently compete for region and state titles.

Magnet Program

Apex Arts' mission is to provide students with rigorous, immersive, and collaborative artistic experiences that are rooted in the creative process, while preparing them for an array of future opportunities. Students receive a top-tier creative education that supports their artistic talents while providing the knowledge and guidance needed to make a real-world impact. Their artistic visions are brought to life by exceptional teachers who work in partnership with accomplished artists that ensure our students receive an unparalleled creative experience.

For more detailed descriptions of AACPS Magnet Programs, visit www.aacps.org/magnet.

AVID (Advancement Via Individual Determination)

AVID is a rigorous, four-year elective program designed to prepare motivated students in the academic middle for postsecondary success. Students develop strong study habits, organizational skills, and critical thinking strategies that support academic success across all content areas. Through collaboration, inquiry-based learning, and mentorship, students are empowered to take ownership of their education, navigate rigorous coursework and prepare for success beyond high school.

CTE (Career and Technical Education)

Through CTE students gain technical and professional skills while earning industry certifications, college credit, and real-world experience through internships, apprenticeships, and partnerships that prepare them for success in the workforce or continued education. www.aacps.org/cte.

AACPS at a Glance

Located on the Chesapeake Bay, Anne Arundel County is conveniently located near the cities of Baltimore and Washington, D.C. Our county encompasses urban, suburban, and rural areas, with 432 miles of tidal shoreline. As the 4th largest school district in Maryland, we are comprised of 130 schools serving nearly 84,000

students. The county has more than 6,600 teachers who deliver a comprehensive system-wide culturally-responsive curriculum for infants and toddlers, pre-K4 to 12th grade.

For more information about our school system, including demographics and special programs, check out www.aacps.org.
