Instructions on how to enter your course requests are posted on the Counseling Center Website.

Entering Course Requests in Student Portal

All students will enter course requests for the 2022-2023 school year through their Student Portal account. Students should be familiar with this as they have used this process for the last couple of years. The school counselors have made instructional videos to help and are available to answer questions during select open Bruin Blocks.

Logging in to Student Portal

Be sure to **SUBMIT** your 8 credits plus alternates BEFORE February 1. Your counselor can still make any edits when we meet with them during English. **We will not have time to enter all of your requests during that meeting so please SUBMIT your course requests ahead of time!**
