

Advanced Placement Information Night

Broadneck High School

About Advanced Placement

Courses developed on an international level to give high school students access to college level courses

Exams are nationwide

All students are evaluated on the same level

Courses are designed to match introductory college courses

Input from both college and high school educators are used to develop them

Why take an AP level course?

College Board & Accommodations

- If a student has testing accommodations via a 504 or an IEP plan, these accommodations do not apply to College Board assessments (PSAT, SAT, or AP exams).
- To request accommodations, parents need to complete a College Board [consent form](#) and submit the signed form to the Testing Coordinator, Ms. Cosgrove, who will submit the request.
- College Board has eight weeks to review before rendering a decision which will apply to all College Board assessments until the student graduates.
