Jason Skarzynski Scholarships 2024

This scholarship is a memorial to Jason Skarzynski who attended Broadneck High School. He loved art and computer science. Accordingly, these awards are given to students with interests in the arts and/or computer science fields and who wish to continue to pursue these interests beyond high school. These awards are given to students who have consistently applied themselves throughout their years at Broadneck.

Two scholarships will be awarded in the amount of $1,000 each. One will be awarded to a student with a strong interest in art and one to a student with a strong interest in computer science.

The applicant:

1. Must be a current senior at Broadneck High School.

2. Should have a cumulative GPA in the 3.0-3.5 range.

3. Must be accepted by an accredited institution of advance learning (two- or four-year college).

4. Must have a strong interest in either art or computer science.
